Xrite 710 "Reborn" sn:1481.....\$3570.00 purchase

\$3000.00 with trade in

This is an Xrite 710 that has been converted out of the OEM circuit boards that are no longer available. We have rewired the machine with new components. Runs on 110Vac. The tunnel now has its own temperature control and speed control for the belt. The sealer works on a temperature compensation screw. See pictures below. PEP is offering an exchange program. Send in your old Xrite 710 and we will send out our converted machine the same day on the same truck back to you. Some restrictions do apply.

Beseler 1913 sn:09900776: T14 sn:08900723.....\$3570.00 purchase

Refurbished "All in one" sealer and tunnel on a stand from Beseler. Sealer runs on 110Vac. The tunnel runs on 110Vac.

Shanklin A26A sn:A8644.....\$8,000.00
